

# BELLINI ZERO

## A TRADITIONAL VENETIAN COCKTAIL BUT NON-ALCOHOLIC

It is the year of new trends, among them the boom in alcohol-free drinks. From supermarkets to wine shops and from restaurants to individual consumers, this trend is not only of interest to teetotalers, but primarily includes Generation Z and people committed to a healthy lifestyle.

From this year, we at Casa Vinicola Canella, too, have introduced a non-alcoholic product that embraces this new concept: Bellini Zero.

## PERFECT FOR EVERY OCCASION

The secret to our Bellini is the white peaches the Canella family oversees all year, awaiting peak ripeness as they must be mature, sweet and juicy, with soft pulp and pleasant aromas to be used.

It can be enjoyed on any occasion, because it always keeps the charm, fragrance and flavour of the famous Venetian aperitif with a calorie content of only 29Kcal./100g.
