Mimosa Blood orange

Mimosa but make it red

The Blood Orange Mimosa is a vibrant sparkling cocktail that highlights the bold character and natural freshness of Italian blood oranges. Bright, citrusy and refreshing, it offers a lively twist on the classic brunch cocktail tradition.

The secret to our Blood Orange Mimosa lies in the careful selection of fruit. Only blood oranges harvested at peak ripeness are used, chosen for their intense color, balanced acidity and naturally sweet citrus aromas.

The deep ruby hue and layered citrus notes come from the distinctive character of the blood orange, a fruit known for its aromatic complexity and refreshing bitterness.

The recipe is simple and elegant: three parts Spumante Brut and one part blood orange juice, creating a sparkling cocktail with a vibrant color, bright citrus fragrance and a refreshing, well-balanced finish.
