Rossini

The strawberry plot twist

The Rossini is a vibrant sparkling cocktail that celebrates the natural sweetness and aroma of ripe strawberries.
Fresh, fruity and elegant, it has become a refined classic of Italian aperitivo culture.

The cocktail takes its name from Gioachino Rossini, the famous 19th-century Italian composer known for his passion for great food and wine. Just like the music that inspired it, the Rossini expresses harmony, brightness and character.

The secret to our Rossini lies in the careful selection of strawberries. The Canella family oversees the fruit throughout the year, selecting only berries that are fully ripe, naturally sweet and intensely aromatic, with a vibrant color and balanced acidity.

The recipe is simple and elegant: three parts Spumante Brut and one part strawberry purée, creating a fresh sparkling cocktail with a rich ruby-red hue and a fragrant, fruit-forward bouquet.
